

## WE NOMINATE

Alfonso Ortiz, an able and articulate spokesman for one of the world's most abused minorities, the American Indian, and a trained anthropologist with an abiding interest in galvanizing Indians in seeking opportunities for self-help. This week the 29-year old Ortiz and a handful of associates have launched here in Princeton a wide-ranging program which will orient some 30 representatives of a dozen eastern and mid-western colleges and universities to the needs they will confront this summer as unsalaried volunteers in the Student Volunteer Program for the Navaho in the blistering stretches of an Arizona Indian reservation thrice the size of New Jersey.

Born and reared at San Juan Pueblo, north of Santa Fe in New Mexico, and a member of the small Tewa tribe, kin to the Hopi and Zuni, Ortiz is one of the "young, short-hair, highly educated Indians" aware of the problems his people must solve. He, for instance, knows that the average Indian family today lives on \$30.00 a week, that Indian unemployment ranges from 40 per cent to a staggering 75 per cent, that the Indian on the average completes 8.8 years of schooling whereas the average for non-Indians is 11.2 years and that the average American-Indian dies at 43 while the average white dies at 68.

The volunteers assembled on the University Campus, including four youthful Princeton community residents, are being "acquainted" with the Rough Rock Demonstration School, 125 miles from the nearest drug store, where they will tutor and assist in a remedial reading program, serve as counselors at an Indian camp high on Black Mesa and work in a variety of community development projects such as construction road repair and medical aid. The collegians, Ortiz points out, will have "an opportunity to expand the horizons of young Navahos by bringing into their lives

aspects of a larger world the Navahos do not now understand but with which they must come to grips in the future."

A caustic critic of the Bureau of Indian Affairs, Ortiz, a graduate of the University of New Mexico, who carried forward advanced study at Arizona State University and received his doctoral degree at The University of Chicago, believes deeply in Rough Rock because it is the only Navaho school run entirely by the Indians themselves. Somewhat reminiscent of the proponents of black culture, he asserts: "We talk sanctimoniously about the generation gap in American society because of technological change; hut between the Navaho child and his parents there is an awesome cultural gap which is not of generations but of centuries."

Ortiz, understandably bitter about the seven years he spent in an elementary boarding school operated by the U.S. Government and called to Princeton a year ago from California's Pitzer College, stresses: "What the American Indian wants is freedom to make his own choices once the options are made known to him. We believe in the right of the Indians to help themselves, and at the Rough Rock School and in the surrounding area they are doing just that. For the first time, a group of Indians has been given charge of their own affairs in a significant way; for the first time American Indian culture is a basic part of the curriculum; for the first time an Indian language is being used as one of the media of instruction."

For giving new meaning to a classic in modern English fiction, "The Return of the Native," for understanding that children must be "the builders of bridges between two worlds," for insisting that highly motivated young people can plant the seeds of understanding in an area where grass barely grows; he is TOWN TOPICS' nominee as

**TIGHTER LEASH WANTED**  
On Township Dogs. "I simply cannot understand how people can equate dogs and children! A dog is just an animal," exploded a member of the audience Monday night as Township Committeemen listened for an hour to impassioned people who want a stricter dog-control ordinance and impassioned people who — to put it as mildly as possible — don't.

The speaker was Mrs. William Angoff, 19 Meadowbrook Drive, chief baker of a petition bearing 1,439 names and presented to Township Committee from the PTA-PTO Council of the Princeton Regional Schools. Mrs. William Angoff, 19 Meadowbrook Drive, made the formal presentation. She is president of the Council, which is composed of presidents of 11 parent-teacher groups, the principals of all schools and the superintendent of schools.

New Ordinance? After adjournment, a somewhat shaken Committeeman William L. Wilson promised that Committee will introduce some kind of strengthened dog-control ordinance.

He added that he didn't want a final vote on such an ordinance before autumn, because too many people go away in the summer. The PTA-PTO Council wants a stiffer ordinance now, long before school resumes in the fall.

The root of the petition is the trouble caused by dogs around schools. They follow boys and girls to school, like Mary's little lamb, and linger to snatch warm-smelling lunch-bags from children's hands, to form packs and roam the playgrounds, even to wander through the school buildings. Mrs. Angoff said opponents of a stiffer control have never seen the havoc around the schools.

However, as many speakers said on Monday night, dogs also menace bike-riders, adult and sub-adult, they can make a casual stroll a nightmare; they can make life miserable for mailmen, milkmen, deliverymen.

But also — "they keep away burglars!"

Bites, Attacks. Monday evening in Township Hall was a catalogue of bites and attacks. Mrs. Harold Crane, 15 Morgan Place, told Committee her 18-year-old son had been knocked from his bike by a dog, her 13-year-old son bitten.

"After a dog bites, he has to be tied up for 10 days," she conceded. "But what good does that do? Afterwards, he's out loose again."

**DOG DAYS AHEAD:** This Township resident and his friends face stricter controls, following Monday night's protest meeting over the liberties being taken by dogs with the people's world. Story, this page.

The PTA-PTO petition asks that all dogs be fenced in or leashed, or on a leash. "Dogs chase cars that drive along Terhune," said Paul Davidson, 18 Turner Court. "Kids walk Terhune, too. I can hear the brakes as cars stop suddenly to avoid a bunch of dogs." Well, someday a car will swerve to avoid a dog and hit a child.

One mother said her child had been bitten just the day before by a dog with a record of three previous bites.

Mrs. Rosalee Rosen, kindergarten teacher at Littlebrook, said she frequently has to chase dogs out of her classroom.

"I Love Dogs." These remarks alternated, more or less, with vigorous comments from the opposition. After almost every statement on either side, there was applause. Sometimes derisive laughter. Sometimes a coyote-like howl.

Dogs that are tied up are dogs that give trouble," stated Mrs. R. Suyvesant Pierrepont, 1 Haslet Avenue. Mrs. Pierrepont, who has been associated for many years with the Princeton Small Animal Rescue League, urged a stiffer fine for violators of the present ordinance ("\$40 or \$50 instead of \$5") and recommended dealing individually with the owners of problem dogs.

"I've never seen any naughty dogs anywhere in our community," she said firmly, and when the hoots had died down, she added, "Maybe you MADE them naughty!"

Her remarks were seconded by Mrs. Louise Chase, 101 Bertrand Drive, who said she loved the neighbors' dogs who "come to give me a kiss each morning." She said she believed that dogs knew who loved them and wouldn't attack anyone who did. "I love dogs!" she concluded.

One speaker said he habitually took long walks through the Township and had never seen a pack of dogs or been molested. He joined Mrs. Suyvesant Pierrepont in suggesting

stricter discipline against individual dog-owners.

**One-Man Job?** The Township has a dog-control officer, James Dougherty, who operates alone under the current dog ordinance. He used to be a school crossing guard, too. But when dog-packs at schools in early mornings became a source of parent complaint, he was taken off crossing duty.

Mr. Dougherty has to patrol the entire Township. Mr. Wilson said, after the meeting, that nobody had ever asked the Township to hire more people so Mr. Dougherty could have some help.

My son had to be taken to the hospital with a dog bite one Saturday afternoon," related Mrs. Robert Montgomery, 121 Braeburn. "The police told me they couldn't help because it was Saturday afternoon and the dog officer didn't come back on duty until Monday." She added that she had sued the dog's owner and collected damages.

They tell you to file a formal complaint," protested W. S. Detweiler, 9 Turner Court, "but that can really disrupt friendly relations with the neighbors." ("No guts! You got no guts!" came a hoot from the audience.)

Mrs. Thomas Franklin, Roper Road, told Committee it was "terribly vindictive" to pass a dog-leashing ordinance like the one requested by the PTA-PTO, and she praised Mr. Dougherty's heretofore.

"I called a neighbor whose dog hurt my child, and I didn't mind a bit," she said, adding, "it was a neurotic coffee who moved here from California."

**I'm Fido.** Several pointed out that a human being who is fared down by a dog, especially a very small human being, can't always find out the name of the dog's owner.

"No dog will give you his name," observed Mr. Angoff, "he's a growling dog. Are you going to reach two inches behind his jaws to find his identification tag? I am less than enthusiastic."

Committeeman Wilson called to Police Chief James Campbell, in the rear of the chamber, and asked him to read people in the audience who had had experiences with dogs. He assured the audience that he would press for stricter enforcement of the present ordinance and would even hire more helpers for Mr. Dougherty if needed.

**MCCARTHY IN PRINCETON**  
In Primaries. Senator Eugene McCarthy won Tuesday's Democratic vote in Princeton's presidential preference primary.

In the Borough, 35% of the voters went to the polls and in the Township, 37.42%. The Township is a heavily Republican community but only 833 Republicans voted there on Tuesday compared to 1,720 Democrats, and those Democrats voted 71 in favor of Senator McCarthy.

The McCarthy vote in the Borough was about 5-1 in favor of the Minnesota Senator. The only Borough district whose Democrats did not favor McCarthy was District 4.

Six in the John Witherspoon area.  
The heavy Princeton sweep for McCarthy was in contrast to the rest of the state, which voted for the Regular Democratic Organization slate led by Governor Richard Hughes.

Princeton's Republican slates voted comfortable victory totals for the Republican Party Organization, led by Senator Clifford P. Case. The largest write-in vote went to Governor Nelson Rockefeller, who tallied 332, 147 in the Borough and 206 in the Township.

The next highest write-in went to Richard Nixon with 226, 93 in the Borough and 133 in the Township. Governor Ronald Reagan polled 10 write-ins: one in the Borough and 3 in the Township. George Wallace polled four votes: 2 in the Borough, 2 in the Township.

In other write-ins, last fall's Democratic majority candidate in the Borough, Archibald S. Alexander Jr., polled one vote — from a Township voter. Comedian Dick Gregory got a single write-in in the Township's District 3 for the House of Representatives.

#### Meanwhile, a PDS Poll . . .

Senator Eugene McCarthy won 46% of the Princeton Day School "presidential preference" poll, taken among students and faculty of the middle and upper schools.

Governor Nelson Rockefeller drew 26% of the vote. Percentages then dropped sharply to Nixon 9%, Kennedy 8%, Johnson 4%, Humphrey 4%, and 1% each for Wallace, Stassen and Reagan.

As reported in "The Spokesman," a total of 491 votes were cast, including \$2 from the faculty. Less than 50% of either the junior or senior classes was involved in voting. The eighth grade, however, hustled out the vote, with a 98.8% response.

In the Borough, Republicans gave 146 and 413 votes respectively to Council candidates Michael P. Erdman and Foster Jacobs. Democrats gave 376 and 392 to Stephen C. Gladstone and James E. Andrews.

In the Township, Republican Committee candidates Carl C. Schaffer and Burton Peskin received 796 and 699 votes. Democrats Thomas Hardmann and James Floyd received 689 and 697. There was one write-in for Steven Shaby.

House published "The Money Game," a book that invites the readers to join author Adam Smith in irreverent humor at the expense of Wall Street. This week, The New York Times reported that "Adam Smith" is the pseudonym selected by George Jerome Waldo Goodman, 36-year old publisher of an investment magazine who lives at 141 Fairway Drive.

Mr. Goodman, the Times said, admitted that publicity attendant to his latest publication had caught up with him and that he could no longer masquerade under the name of Adam Smith, who was, in fact, an 18th Century English economist. "I had hoped to keep it quiet a while longer," The Times quotes him, "because it was really more fun that way."

Actually, Mr. Goodman (a Harvard man and an Oxford alumnus by way of a Rhodes Scholarship) has been using the "Adam Smith" as his by-line in writing for the New York magazine (lineal descendant of the late World Journal Tribune) and for The New York Times Book Review. A former editor at Time and Esquire he is now editor of The Institution Investor, a monthly publication for financial circles. Mr. Goodman is also the author of several novels, among them, "The Wheeler Dealers," which was made into a motion picture.

Asked by The Times why he had adopted a pseudonym, Mr. Goodman replied:

"That was part of the game. Writers about the Street are considered outside, and Wall Street tells them more or less what it wants. Wall Street is well paid, and the writers aren't and when the writers learn enough they get offered jobs in Wall Street. Then they are inside and rich and they don't write about Wall Street any more."

#### AFTERNOON OFF?

**For Planning, Enrichment.** "The number of hours a child spends in school isn't a measure of the quality of the education he's getting," stated Superintendent Philip E. McPherson as he explained to the audience at the May school board meeting a controversial proposal to dismiss formal classes each Wednesday afternoon so that teachers and pupils can stretch minds and make plans.

• The public is invited to discuss the proposals again with the school board at three evening meetings next week: Monday at Community Park School; Tuesday at John Witherspoon School, Wednesday at Princeton High School, all at 8 p.m.

• The schools have been chosen for neighborhood convenience. The board, Dr. McPherson and the school staff will make identical presentations at each of three meet-

**HOW IT LOOKED FROM ABOVE:** After nearly five inches of rain fell in mid-week, welcome sunshine graced the annual Hospital Fete Saturday. Thousands took advantage of the pleasant weather, many of them shown in this aerial view. For other pictures, see page 15.

ings, and each audience will be invited to ask questions.

**What Would We Do?** The half-Wednesday proposals, drafted by the teachers, are still in the modeling stage, Dr. McPherson explained at the School Board meeting.

On Wednesday afternoons, some students might stay in school for remedial work or enrichment in a chemistry lab workshop; others might take their private ballet or music lessons on this afternoon or join a sports-recreation program; others could be in a special project at the University's art museum or the public library.

Teachers who didn't stay with these students would join one of the 45 Faculty-Community groups that would evaluate the school system, plan its future, define its goals.

Each group would be a Princeton microcosm composed of teachers, parents, school custodians, cafeteria workers, librarians.

One group might decide to explore non-grading and team

teaching; another might make a demographic study of students and community.

**Hooky?** Not Heated and outspoken discussion followed Dr. McPherson's presentation last week. Mrs. George Freeman, board president, emphasized that every child and teacher would be accounted for each Wednesday, after one parent grumbled that teachers would take the opportunity to sneak home early.

Plans for the children are "the most critical issue that needs discussion," Dr. McPherson acknowledged. He also reminded the audience that it costs a lot of money to buy planning time. This method is cheap, he said.

In a letter, Mrs. Thomas J. McGrath referred to the proposal as "a masterpiece of bad timing" after the school budget defeat. School board member John Marks warned that teachers weren't all behind the program, but Dr. McPherson said that 70% of the professional staff and 15% of the non-professional staff voted on the pro-

posals, with a 2-1 majority in favor.

Mrs. Elaine Solomon, who served on the ad hoc committee that prepared the proposals, said teachers would find Wednesday afternoons an exciting experience which would spill over into excitement for children in the classrooms.

"We've needed to give teachers more time for creative planning," explained Murray Cohen, principal of Johnson Park School, "and we want interaction — school staff with community."

Allen R. Kirschner, English teacher at the high school, said he opposed the plan at first, but now believes it may provide needed machinery for evaluating the school system.

Mrs. Constance Vitale of the school staff, said the Wednesday-afternoon plan would itself be evaluated each year. Dr. McPherson told the audience that if schools were closed about 1 p.m., no days would have to be added to the calendar to meet the state's 180-day school year requirement.

**Appointments.** The board named three new curriculum consultants, grades K-12: Douglas Coulter, social studies; Norman Van Arsdale, physical education, health and safety (including projects related to sex education and drugs); David Mackey, art and humanities.

A high school administrative reorganization was approved. Joseph Drulis was named Dean of Boys; Miss Florence Burke, Dean of Girls; Alfred Seitz, Business Manager.

John Boutenville and Donald Blackenbush will be Freshman Administrators of the two-mil ninth grade that will enter this fall; Allen Kirschner was named Director of Instruction and George Petrillo, Director of Guidance; William Cook and Miss Marianne Hartmann will be Student Council Sponsors.

Kenneth Michael, PHS principal, explained that the reorganization involves more faculty members in day-to-day policy making. Dr. McPherson estimated the cost of the new appointments at \$2,000 per year.

New faculty appointments were announced, two of them for jobs that don't exist at the moment. Mrs. Marion Bell will eventually be a high school guidance counselor; Marvin Trotman was hired for the high school's physical education department.

Both appointees are Negro. Dr. McPherson said he has been looking for a Negro guidance counselor for some time, and he regards Mr. Trotman, who was an outstanding athlete when he was a student at PHS, as a "find" for the gym department.

Ralph Bennett has been named as supervisor of transportation services, replacing Chester Harker, who goes back to teaching Middle School math. Mr. Bennett formerly managed South's Garage on Nassau Street.

The board said it had not yet decided on a suitable memorial for the late Dr. Martin Luther King Jr. One suggestion has been to re-name a school in his honor. The public is asked to contribute ideas.

**BACK TO NASSAU HALL**  
Princeton Alumni Return. Nearly 5,000 Princeton University alumni, representing 45 classes, are making the annual pilgrimage back to Old Nassau this week to participate in a full schedule of reunion activities.

High point in the three-day affair will be the parade of Nassau Hall from Nassau to Clark Field for the Alumni-Varsity baseball game. Scheduled to begin at 2, the colorful line of march will include costumed alumni, bands and floats.

President Robert F. Goheen, James F. Oates Jr., chairman of the Executive Committee of the University's board of trustees, Henry Dixon, president of the Alumni Association, and William H. Flagg, chairman of the Alumni Council's reunion committee, will lead the marchers.

The Class of 1913, "The Quarter Century Class," expecting more than 250 members back, will follow next. Immediately behind will come members of the "Old Guard," classes graduated 50 years or more, and then classes in order of seniority. A special attraction of the parade this year will be the Budweiser Clydesdales, a team of eight horses, each weighing about 2,000 pounds.

Beginning on Thursday afternoon and continuing to Saturday morning a series of ten Alumni-Faculty forums will be held on various subjects, including moderate prospects for peace, population problems, and the University in Transition. All are open to the public without charge. (A more complete list of reunion events may be found in the Calendar of the Week on Page 11.)

**HOUSING RESOLUTION?**

In Township? Will the Town-

ship, after all, ask the Bor-

ough's Housing Authority to be

its agent for construction of

Township public housing?

Will the Township decide to set

up its own authority?

Committeemnn William L.

Wilson is said to be planning

to introduce again, on June 17,

the housing resolution that was

abandoned last month.

It was dropped because Com-

mittee suddenly decided to ex-

plore the possibility of a brand

new housing authority that

would wipe out the present

one and start all over again

with a joint Borough Township

agency. The question was raised

by Mrs. Harold Kuhn, who

serves on housing committees

for both the League of Women

Voters and PAHR.

Monday night at Township

Committee. Mr. Wilson ex-

plained that "structure isn't

holding anything up" in Town-

ship plans for public housing.

Mrs. Kuhn challenged this statement and accused Committee of procrastinating on public housing.

Mr. Wilson replied indignantly that Committee dropped the housing resolution last month at Mrs. Kuhn's suggestion and said that any procrastination "should be laid at her door."

"You clouded the issue," he charged.

Study the Angles. Mrs. Kuhn protested that when she raised the possibility of a brand new joint housing authority, she was only asking Committee to study all the angles involved.

"You raised the question quite properly and I commend you for it," Mr. Wilson replied.

A letter was read Monday night from The League of Women Voters urging Committee to sign up with the existing Authority. William H. Cherry, 84 Dempsey Avenue, asked Committee to set up a separate Township public housing authority which might work with the Borough's authority on a contract basis.

How to Prepare a Program. Any new joint Authority is "out of the question" legally, says Administrator Joseph R. Nini. The only alternatives are a separate Township Authority or a tie-in with the Borough.

In just six weekly 90-minute sessions at the New School's Summer Music Playshop, your youngster can step into the world of music. The Playshop is a place to play, but with a purpose. Music appreciation, curhythmics, introduction to instruments and music reading are structured to immerse your boy or girl in an enriching musical experience, laying the groundwork for all the pleasures that music offers in the years ahead—as a listener or as a performer. And the real benefit to you of the Playshop is that for just \$20, you can discover whether your child is ready now for formal musical instruction. The Playshop is open to boys and girls as young as seven, as old as eleven, and they'll be grouped by age. And because the Playshop is play, there's no home practice involved.

**Register now for the

Enrollment is limited, so call 921-2900 now or visit The New School for Music Study at 353 Nassau Street. Registration deadline is Friday, June 14, so act now.

## IT'S NEW To Us

### TALL FOIL A TABLE

Lamps Have Splendor, A lamp at Studio 12 is four feet tall. It stands on a table and impresses its dignity on everything else in the room.

It's a Frederick Cooper lamp with a double twist of walnut for a shaft — rather like a pair of spiral staircases leading up to the antiquated shade. \$115.

Another Cooper lamp is a classic urn on a grey-decorated pedestal, everything so softly antiqued you can almost see the clinging soil of ancient Greece. This one had an ivory shanting shade. \$75. Chinese artists inspired another imposing table lamp. It has the classic Chinese design in color you associate with Chinese objects d'art. The background is white. \$150. Two small vases match this lamp, in case you want to be redundant.

Studio 12, you'll recall, is the new shop in the Montgomery Shopping Center on Route 206.

In case your wedding present budget doesn't extend quite to \$150, Studio 12 offers an unusual collection of carved wooden Polish boxes.

### Art to Buy

Original lithographs and etchings—including a Goya—will be on view and for sale through June at Studio 12, in the Montgomery Shopping Center, Route 206. Studio 12 always has a collection of art works for you to buy, as you know, and this group of 95 has been added for June, anyway—the collection already on hand.

The Goya is "Disparate Matrimonial," an original, first-edition etching for \$60, and Studio 12 regards it as the prize of the show.

But you don't have to pay \$60. For \$20 you can have an original Kelly lithograph; for \$30, an original Miro lithograph, "Cow and Rooster."

Most of the prints, however, are in the \$60 and up range. Examine the contributions of Omar Bravo, the Dalis, the Silvas, the Lebas. The show has been assembled by a New York expert who works closely with the Studio's owners.

The smallest one \$450 and the big 8 x 10 inches only \$1250. These look almost one-of-a-kind; at least, the variety is great. The carving is intricate and the coloring subdued and sophisticated. They look much more than their price (we think you'll like the wood linings).

Salad bowls from Sweden come in 3 sizes. All are matte black textured plastic on the outside, and gloriously wet and bright on the inside. Kelly green (a good Swedish color), bright lemon and a strong red-red are the colors offered. These are dishwasher proof, by the way. Sweden also sends along a group of linen placemats at \$150 each. One set imprints those delightful Swedish birds in bright blues or golden browns or grey-blues in a Swedish-modern print.

Another, a bit more mythical, has elongated leaf shapes in black line drawings choreographed in red, black and white on olive.

A single, bright red ladybug is poised on a single giant sycamore leaf. The background is pale blue or rust. But Vermont won't be outdone. Here's a domestic mat, handwoven in Vermont out of no-iron fabrics, textured like a fog road. In gold or avocado. Solid-color napkins go with all these mats.

The Dutch move in with some new patterns in Royal Holland pewter. We like the country charm of a coffee set fashioned like milk cans. There are coffee pots in two style (squat or tall), creamer and sugar. Pitchers, too.

Royal Holland's salad servers have soft-finish bowls

and in-advance handles deeply carved in an old, geometric pattern. If it were Scandinavian, we'd say it looks like a Viking's sword.

To match the servers, Royal Holland serves bottle-cutter, cheese slicer, nutcracker and such.

Still in the cutlery department, we find Studio 12's Austrian import: six steak-knives for \$15, designed with the steel all the way down the handle, Austria likes to ship things in rough-hewn wooden boxes bound with thongs of leather — a nice and unusual touch.

Denmark is represented by Kalmar's leak serving pieces. For \$10, you can have a bartender's cutting board with wooden spikes that serve as

a kind of grater. A stainless knife goes along.

A larger board in the same design, has a trough which allows juices from the stewed spikes to collect for your benefit.

In Kalmar's pieces, the task is laid in brick pattern, which is quite decorative, even after you've eaten up all the cheese. Gallucci's pottery — made by an artisan in Allentown — is nice and earth-bound, with mugs, vases and small ashtrays in warm and elemental colors.

a few of his photographs this week in the camera department of the University Store. Mr. Peterson's pre-occupation in this show is with motorcycle riders. He has taken several black and white pictures of hiker riders at an outing near Rocky Hill, and you'll find them dramatic and unusual.

One, of a masked rider, was taken by Mr. Peterson at the National Motorcycle Championships at Louisville. Photographers will be interested in the technical details Mr. Peterson has attached to his prints.

ing pink in a new one-piece bathing suit at Bailey's. Cut with a wide V in front and a low U in back, this bathing suit endures swims, we're told.

Its poolside friend is cut in some way, only with pleated orange chiffon over solid blue for a tone-on-tone effect. Same price.

Two piece customers at Bailey's will take the \$13.98 zebra stripe. Black and white what else?

Tennis players, meanwhile, can choose classic whites priced from \$8.98 to \$19.98. Our favorite — the \$19.98, wouldn't you know? — is the pique cut in princess style with the tiniest edging of rick rack around them and neckline.

All the way to the ground that's a white cotton eyelid dress-up dress with pink ribbon belt, no sleeves and a lace collar crossing the front in surprise fashion. \$19.98.

His daughter wears that, and her wear Bailey's lace crocheted in shadows of shock length and straight, the overblouse is round-collared (but a deep collar) with elbow sleeves. \$29.98.

See through voile, in decro and cotton, has been used for a trio of Bailey blouses. Bright lime, orange and powder blue, they are, with ruffled cuffs and a jabot down the front.

A dress in a similar mood, is white printed in soft-focus grey, pink and yellow flower print. Narrow lace edges the long sleeves and the round neck. The dress also comes with ruffled cuffs and jabot.

Juniors can wear Bailey's great big black and white hoodstooth cotton suit, the one with long, jacket and stand-up collar \$22.95.

directed by an American, George Sidney (of "Annie Get Your Gun" and "The Tenderloin" fame). He employs the real-life settings at Eastbourne and Henley so effectively that they do not intrude on the never-never land atmosphere.

**PRINCE**  
Planet of the Apes (final week) is an ambitious excursion into the field of science fiction. The reverse evolution is a bit of a shocker at first. The story, based upon a novel by Pierre Boulle, concerns an unidentified planet inhabited by a race of apes who lord it over the "human" population (animal-like mutants) and hunt them down as if they were beasts of prey.

Into this strange land come four American astronauts whose spacecraft has crashed. Only one of them, Charlton Heston, survives for very long, and the picture records the indignities to which he is cruelly subjected and his struggles to survive.

**GARDEN**  
A good deal of humor is derived from having the apes act like intelligent humans. The settings and music are eerie and imaginative. The special make-up for the actors playing the apes is remarkable. Major simian roles are taken by Maurice Evans, Kim Hunter and Roddy McDowall.

**THE PARTY** (now playing)  
Peter Sellers is an Indian actor imported by a Hollywood studio for a part in a film about the Bengal Lancers. He is a brawler who can't quite seem to do anything right.

Through an error, he shows up at a party given by the producer who has thrown him off the set. Here, he encounters a variety of characters in movies, television, government, and gets into an amazing amount of trouble. It's a wild far-fest all around.

One boy and one girl are selected from each state, Puerto Rico, Washington, D. C. and from the roster of foreign students in the United States. In addition, 15 Scholars are also chosen "at large."

This Sunday evening, winners will gather at George Washington University. On Monday, they will be given

### Topics Of The Town

**Continued From Page 4**  
 Mr. Nini says he does not know how many Committee-men will join Mr. Wilson in resolving to sign up with the Borough, but he points out that setting up a new Township Authority would mean delay.

Mr. Nini says he has been in touch with the Philadelphia office of HUD, the Federal Housing and Urban Development organization, to find out just how a municipality prepares the necessary "workable program" required for public housing.

In mid-June, Mr. Nini says, he expects to confer in Philadelphia with Federal officials to learn precisely what will be required of the Township. "The workable program will take a lot of work," he says.

**TO PAY OR NOT TO PAY**  
**Concluded.** The ordinance providing \$500 yearly pay for Borough Councilmen will be discussed in public hearing next Tuesday at 8 in Borough Hall.

Because it is a financial ordinance, it must receive a two-thirds "yes" vote in order to pass. This means that four of the six Councilmen must vote in favor of it.

When the ordinance was introduced last month, it got two "yes" votes: one from Councilman Robert Hendry who introduced it and one from Councilman William H. Walker. Two Councilmen voted "no": Charles Cornforth and Albert Sorenson, and the other two (Alan Carlick and Fred Peterson) abstained. Mayor Henry S. Paterson, casting the tie-breaking "yes," warned that he did so only to get the measure out in the open for discussion.

Council will also introduce again one of the traffic ordinances the state doesn't like, plucking from it the offending Chambers Avalon provision. Without that intersection in the ordinance, the state's Division of Motor Vehicles says it will approve. Meanwhile, the other traffic ordinance rejected by the state — the one about removing 25 parking meters — will be the subject of discussion next week between state and Borough officials. Mayor Paterson observed this week that the new channelization of Nassau gives the Borough a stronger argument for keeping the parking spaces.

### OFFER ACCEPTED

From Transco. Both Township Committee and officials of Mercer County have accepted a second "package of offer" from Transcontinental Pipeline which would allow the company to run its new line through county and Township-owned property.

Transco officials met Monday night in executive session with Township Committee-men. The amount Transco is paying for its easements has not yet been disclosed.

The first Transco package, offered to county and Township together, gave most of the money to the county and the Township backed away from approving it. The current offer is acceptable to both.

Mercer County is involved because Transco sends its pipeline through the Herndon Arboretum, owned by the county's Park Commission. Township-owned "Open Space" lands are also involved.

### STUDENT IS INJURED

When Car Hits Pole. A 16-year-old student at Princeton Day School was injured Monday afternoon at 3 when his car struck a pole at Route 286 and Edgerstone during a brief thunder shower.

Robert M. Shulup of Morrisville, Pa., received internal contusions of the chest, a broken rib, head and facial injuries. He was taken to Princeton Hospital, treated

at 5:30 of Washington, and at 5:30 p.m. they will be taken to the White House where President Johnson will present each with a medalion. Parents of the winners are invited to this ceremony.

After the presentation, the parents will leave and Scholars will dine with the President and Mrs. Johnson in the State Dining Room.

Miss Turnbull received a telegram from the White House last Monday informing her of her selection. She is the winner of the National Merit Scholarship \$1,000 grant. She will receive a week at a Princeton High School Gold Key award for extra-curricular activity. She will enter Radcliffe, where she plans to major in English.

and released. Police said that he was alone in the car at the time, returning home from school.

Sgt. Michael Lisi of the Township investigated. He issued no summons, saying that witnesses to the mishap reported that young Salup was only going about 30 miles an hour at the time and the roadway was slick from the rain. The car was extensively damaged.

### THIEVES ENTER ESTATE

On Lawrenceville Road. The Boxwell Estate, home of Mr. and Mrs. Charles Ryskamp, Lawrenceville Road, was broken into Memorial Day between 10:15 a.m. and 5:15 p.m.

Stolen were a portable television set and a small amount of silverware. The total value of the missing articles was about \$300, police said.

A window in a rear door had been punched open to gain entry. P.D. Michael Kopliner of the Township police investigated.

There was an attempted entry between Thursday evening and Friday morning at the Princeton Market, 41 Leigh Avenue. Owner John Baldino reported that a pane of glass in the front door had been broken.

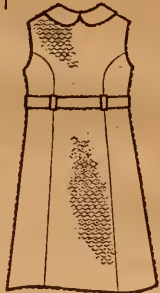

There was no apparent entry, police said. Sgt. Anthony Nini and P.D. Anthony Pinelli made the initial investigation.

It was continued by Detective Frank Boccanfuso.

The Community Park School was also entered sometime Thursday night or early Friday morning but police say apparently nothing was taken. The principal's office, however, was riled.

Detective Norman Servis reported that a window of the school had been broken. Officers Nini and Pinelli investigated.

**PARADE PICKETED:** A corps of about 50 civil rights supporters and peace movement advocates picketed the Memorial Day parade. Composed almost entirely of white adults and children, the group stood quietly at the corner of Bury My Heart and Stockton Street, later moving to the Borough Hall sidewalk when the ceremonies honoring the war dead began. Some placards read "In Memoriam, Martin Luther King." Others listed the names of Freedom riders and leaders killed in the civil rights movement. Still others called for peace. Story in Topics of the Town.

### WAR WREATH STOLEN

And Later Returned.

A three-foot wreath of flowers disappeared a few hours after it was placed before the Battle Monument on Memorial Day in honor of the nation's war dead.

The loss was reported at 6:25 p.m. to Princeton Borough police by D. Don Richards of American Legion Post 76. Police searched the entire area, ranging as far as Trinity Church, with no success.

The wreath was found back in place early Friday morning, returned by persons unknown.

The wreath was also the center of a dispute between two women shortly after the Memorial Day ceremonies concluded. One stepped from among the lingering group of demonstrators carrying peace and civil rights signs and placed a placard bearing Martin L. King's picture in front of the wreath. Another promptly tore the sign down. Further signs were brought up to lean against the wreath.

Borough Police Chief Peter McCrohan was called to settle the heated argument developing between the two women. He stated that Borough Council had authorized only a wreath at the monument and that the signs would have to be removed. The demonstrators slowly dispersed.

When the Memorial Day committee from Post 76 meets this month, one of the matters on the agenda will be discussion of whether or not to continue or to revise the annual parade, according to Mr. Richards, chairman. "Personally, I am not in favor of discontinuing the parade."

### GENERAL ALARM SOUNDS

For John Street Fire. All Princeton fire companies responded to a general alarm sounded at 11 last Wednesday morning for a fire at 227½ John Street.

The blaze was confined to a second floor bedroom and although there was virtually no structural damage, almost all of the clothing in the room was ruined. No one was injured.

The house is occupied by George Marshall. It is owned by Charles Hirsch of Trenton.

### POOL RECEIPTS CLIMB

Reached \$34,000. Pool receipts from season's permits have reached \$34,140, according to R. Donald Barr, Recreation Director.

In the first two days of June alone, the Joint Recreation Commission, which oversees operation of the pools, collected almost \$4,000. "That's amazing," said Mr. Barr. "I'm sure it far surpasses the first two days of June last year."

June last year was far and away the best month for revenue for the Recreation Commission, when it received \$27,408 in fees to the pool and tennis complexes, \$21,472 of that for pool permits.

If June continues its present pace, Mr. Barr predicted that the Recreation Commission would receive all the

operating expenses it will need by the end of the month. Operating expenses for the pool last year — its first in operation — were \$19,836 and \$7,399 for the 15 tennis courts.

Daily Fees Exceeded \$11,000. About one-fifth of these expenses will be met from income from general admission fees. Last year, the commission collected \$11,068 in daily admission fees, \$4,223 in June alone.

However, Mr. Barr reported he does not expect general admission to be as high this year. "It's a combination of the extra free swim period and my belief that more people will take out permits this year," he explained.

So far this season, 3,015 individual pool permits have been issued: 2,117 to persons 10 and over and 868 to those 10 and under. This compares with a total of slightly more than 4,000 individual permit holders of all ages last year. To date, some 1,220 tennis permits have been issued — about the same as last year. Attendance down. Pool attendance in the opening weekend was down this year from that of last. G. Edward Beachman, the pool manager, said that about 350 persons used the pool on Memorial Day when it closed at 3 p.m.

Competing with the Hospital Fee on Saturday, the pools attracted about 750 to 800, the same number who attended on Friday. Sunday's cool weather kept the crowd to about 300.

Mr. Beacham reminds all Princeton residents planning to take advantage of the two free swim periods each day that they must first fill out an application at the Joint Recreation Office or at the pool and pick up their free swim permits. Only 380 have done so to date and Mr. Beacham said that he expects between 500 and 600 to sign up. Deadline is Saturday.

**YOUNG ANIMALS FLOCK TO FETE:** Princeton Hospital's annual Fete had a western "Frontier" theme this year, so there were lots of range animals and bosses, and plenty of tough homies in the corals. That Conestoga wagon with its clamping team, must have crossed the prairie a hundred times on Saturday afternoon, loaded with fearless pioneers. The gal in the upper right is riding point, keeping an eye out for Comanchers. The sheep-herder is known throughout the west as Alvin Daniel Berger. (Staff Photos)

**REALTOR'S CHILDREN WIN**  
In Fete Car Raffle. The handsome Mercury Cougar on display in Palmer Square during May as a Princeton Hospital Fete prize has been won by Bryce and Lisa Thompson, ages 3 and 8 respectively, children of Mr. and Mrs. Bryce

Thompson of the Princeton-Lawrenceville Road. Mr. Thompson, Princeton realtor, who bought an entire book of tickets, says the children are going to sell the car. "It lists for \$3000 with air conditioning, and any amount we receive over \$3000 will go to the hospital."

Winners of the rock marathon were the Deuces Wild, with the Null Set chosen as runner-up. Members of the Deuces Wild are David Vonnack, Princeton Day School; Jerry Steele, Bob Hilton and Leo Oyst, all of Princeton High. Their award is a week-end engagement at Atlantic City's Steel Pier. Jerry Steele was a two-way winner, for he also received the award for the best individual performance. The four finalists in the rock marathon, which drew a capacity audience, also included Lenny and the White Knights, from Lawrenceville and The Hereafter from Princeton.

#### APPEAL PLANNED

In Johnson Trust Ruling. Plans to appeal the Superior Court ruling permitting dissolution of an \$18 million trust established by John S. Johnson for the benefit of his son, John S. Johnson, Jr., and his children were announced this week by Charles E. Villanueva, Newark attorney representing Bruce A. and Jennie Johnson. Their mother is Mrs. Barbara Johnson of 73 Cleveland Lane.

Mr. Villanueva, court-appointed guardian ad litem for the children, opposed dissolution of the trust primarily on the ground that it was irrevocable and that the trustees were merely using subterfuge to amend it by claiming there was a termination of the trust while the corpus remained undisturbed. In announcing plans to appeal to the Appellate Division of the Superior Court, Mr. Villanueva said he believes "that the courts has not carried out the intentions of the settlor and has permitted the amendment of an irrevocable trust."

He added that, "I am also considering obtaining a restraining order against John S. Johnson Jr. for causing false information to be disseminated and harassing his former wife and the children." This statement alluded to a press release circulated last month by a New York public relations firm commenting on dissolution of the trust, a portion of which was published in TOWN TOPICS.

It was stated at the time that "Mr. Johnson's first marriage to Miss Barbara Klein ended in divorce in 1965." Actually, she was Barbara Maxwell at the time she married Mr. Johnson.

And look at the Scrambler 125 styling: new candy colors, chrome fenders, trim new forks, upswipe pipes. And performance: the 125's dependable 4 stroke parallel twin OHV engine delivers an impressive 13 hp at 10,000 rpm; up to 153 mpg.

are invited to sign a new "Professional Roster". It is designed to help professionally-trained women who are now housewives find meaningful jobs in their fields of interest and training.

The Roster is open to all women, free of charge. Applications are available at the YWCA, the public library and college alumnae organization. Full-scale operation of the roster will begin in September.

Sponsors believe that the roster can offer more than merely the services of a clearinghouse. They hope to encourage employers to open new jobs to qualified women; steer women toward public-service programs that have critical shortages of professionals; inform colleges about the real needs of women so that new college programs can be planned to meet these needs; collect information about re-training programs, refresher courses and on-the-job training programs open to women.

**TWO VOTES FOR WOMEN:** As to who is the better judge of that mysterious creature known as a woman — men, or another woman — Ted Hausner (left) and Wes Rice both say women are. "Men are incapable of following their thoughts," says Mr. Rice. (Staff Photo)

## Question Of The Week

Question: Who are the better judge of women: men or another woman?

Where asked: Palmer Square.

Ted Hausner, Madison Township, designer for M. Benton Associates, 12 Nassau Street. Probably women are. Men just look at the cover, really. Women look deeper into other women.

Wes Rice, Lawrenceville, draftsman for Benton Associates: I feel women are probably the better judge of another woman. Mainly because women seem to think alike and men are incapable of following their trails of thoughts.

Robert Twiss, 338 Nassau Street, graduate student, geology: I don't think it makes that much difference; we are all people, after all. Women fool each other as well as men. I don't think women are any more transparent to each other than they are to men.

Helen Stuart, 85 Fairway Drive, secretary, Dean's Office, Princeton University: I think women are because it is very easy for women to fool men. Men are very dull about women — I just think that's true. It's much easier for a woman to fool a man than it is for a woman to fool a woman. Women know each other in a way men don't.

Mrs. Glynn Marsden, Eisenhower Street, housewife: Women. I don't think men understand women at all!

Richard Jeffrey, 53 Patton Avenue, professor at University of Pennsylvania: There are things about women that men understand and women don't. But also, unfortunately vice-versa. So who is the better judge? I say it's a stand off.

Miss Catherine Blount, Princeton Junction, clerk secretary. Women, definitely, because men can only see women from a male point of view. And since one can only base one's opinion on his own experiences, women are the better judge of women.

Peter Glibbovy, Cranbury, teacher at Princeton University: Probably women understand women better because you can understand the same sex better than the opposite sex, I suppose that's why people get married. If you understand them in the beginning, you probably wouldn't.

Mrs. W. J. Seagers, 987 Mercer Road, housewife: I think perhaps another woman. I think you have to be one to understand one. Men are basically more honest in

this but as far as fundamental understanding, I think it takes a woman to understand a woman.

Joseph Cook, Birmingham, Ala., employee, Bell Telephone Company: I think women even make an effort to understand one another. They're fighting each other all the time. Men live with them so they have to try to understand them.

Elmer Perantoni, 70 Crestview Avenue, Rocky Hill, electrician: Men. I think men can judge a woman better because he doesn't try to figure them out. Try to figure them out and you come out on the short end every time. Men just sort of ride along with the tide. That's about the best you can do; you can't fight 'em and you can't live without 'em. I think women are easy to get along with.

S. G. Davison, 85 Erdman Avenue, electrician: I'll say men, naturally — in many ways. In a sense, we have to understand them better, especially married men.

Mrs. Martha Moses, Elm Road, housewife: Another woman. I don't think men look past the superficial qualities of a woman. What's on the outside is all they see. If I were a man, that's probably all I'd look for too.

Miss Brigitte Hasenkamp, Laurel Road, Kingston, student: Definitely women. They're more critical of another woman than a man would be.

Miss Dabhy Bishop, Main Street, Lawrenceville, student: A woman, of course, because women are more aware of the ploys that other women employ.

**A Heartfelt Thank You.**  
To the Editor of Town Topics:  
We are writing to say a heartfelt "thank you" to the entire Princeton community for its marvelous support of the 15th Princeton Hospital Fete — our Frontier Fete.  
The successful help volunteered in thousands of ways by individuals, civic groups, churches, businesses and institutions is the magic ingredient which makes Fete Day arrive and become the greatest event it has been and will be. It has been our pleasure this year to work with hundreds of people of our community; and at the end of our heart-warming year as co-chairmen of the Fete, we know that Princeton has an ever-filling reservoir of people who are enthusiastic, lively and unstinting beyond belief in their support of their Hospital and their Hospital Fete. Thank you all!

**Model Planes Are Dangerous.**  
To the Editor of Town Topics:

I read with interest the article that appeared in the May 23, 1968, issue of TOWN TOPICS entitled "Soaring into the Wild Blue, Model Airplane Hobby Grows". Perhaps you would be interested to know that the residents who live in the area where these planes are flown are also "flying into the wild blue".

For a number of years now we have been tolerating this nuisance, and many of the residents have found it necessary to complain. The noise becomes so very penetrating, and now that the group seems to be increasing its membership, the noise has become intolerable.

Our complaints have been met with promises to muffle the engines or to fly at only certain times, but then, in a short time, the promises seem to be forgotten. The attitude of various club members appears to be one of indifference to the requests of the neighbors, as evidenced by eurtness when discussing the matter and suggestions that neighbors resort to court litigation if they are dissatisfied.

It is not just the noise that we object to; it is also the hazard of these planes. Contrary to the lead sentence of

your recent article which leaves one with the impression that the airplanes soar only "above a large open field" the truth is that they also sometimes soar over neighboring residents' homes.

A number of the residents have had to plane crash on their property. For example, one landed close where our neighbor was standing on her property; another, after flying over my house, landed in the wooded area on the opposite side of my house on the flight field. And, remember, as stated in your article, these planes can achieve speeds up to 130 miles per hour.

This, without question, amounts to a lethal missile which is sometimes out of control flying in a residential neighborhood. Furthermore, since we live in an agricultural area, there is concern by the farmers that one might get out of control and set a fire field on fire.

Apparently, the members of the group realize that their hobby is an extreme hazard since each member is covered by liability insurance of \$100,000. This, although apparently a comfort to the consciences of the members of the Mercer County Radio Control Society who fly the airplanes, is small consolation to those innocent residents who stand to be injured or have their property damaged.

We now also note that spectators are now invited with directions on how to reach the field. Since this is not a park area, we, also, strongly object to this. We are sure that this is a very enjoyable hobby for the club members, but we are also sure that there must be an area, such as the pine barrens, where they can indulge in their pastime without encroaching upon the rights of others.

We appreciate the article, as it has made the many residents aware that this situation represents a real problem to the community.

**A True Spirit of Unity.**

To the Editor of Town Topics:  
I should like to express my sincere gratitude and appreciation for the generous response and cooperation exhibited by the residents of Princeton in the spirit of unity and support of the Job Fete, to expunge one of our gravest problems plaguing this community.

Through judicious planning and guidance, you have aroused both youth and adults to broaden their horizons by preparing through education for more meaningful employment.

It is with pride that we can look upon this endeavor supported by all Princetonians who worked together, got to know and understand each other and some of their anxieties, to foster an atmosphere whereby dreams, through effort, may become a reality.

We especially thank Mayor Patterson, the Borough Council and its municipal employees, Mayor Schafer, the Township Committee and its employees for their insight, and the prompt effectiveness with which they arose to attempt to resolve this problem.

Thanks to the Rev. James R. Whittemore and the Rev. Harold Thomas for organization and guidance and to our most capable and devoted Employer Coordinators, Mrs. John L. McLoughlin and Mrs. Michael P. Ercman.

My mainstays and "right arms" were Mrs. Heath Lock-lider, Miss Mary E. Moore, Mr. and Mrs. Bryan V. Moore, Mr. and Mrs. Sherman Bates, Mr. Albert Hinds, Mr. Wilbur Brooks, Mr. and Mrs. Howard B. Waxwood Jr., Mr. and Mrs. James Bess, Mrs. John L. Brown and Mr. James Floyd

and a host of others too numerous to mention.  
Mr. Robert Cawley is to be commended for his tireless efforts in bringing together the professional and technical personnel of the community to render their assistance in this invaluable effort. The Princeton Chamber of Commerce and all agencies affiliated with it, lent effective support.

The expertise of the group leaders who conducted the training sessions and remained with the Fete until the triumphant hours, also our able guides and the proficiency of Mrs. Sherman Bates, Mr. and Mrs. Howard B. Waxwood Jr. and Mr. and Mrs. Robert Arlet, Miss Monetta Harris, Mrs. Minerva P. Collins, Mr. Wilbur Williamson, Miss Margaret P. Smith and the Rev. H. Kight, who acted as counselors, were unexcelled.

President Robert F. Goheen, too, is to be commended for the University's participation: students, faculty and employees.

**Since it's never in, it's never out.**

Each year the new cars come rolling out with the latest frills.  
Wow.

And each year the old Volkswagen rolls out looking just the same.  
Ho hum.

But when the year goes by, new fads seem outdated the old fads. And the hottest-looking car last year is just that: the hottest-looking car last year.

But a VW is still just a VW. Not looking up-to-date, but not looking out-of-date either. (So you'll never have a Has-Been on your hands when you want to sell it.)

Instead of wasting time making the VW look better, we spend our time making it work better.

And this year there are dozens of ways it works better. Including one that makes it work easier: the automatic stick shift.\*

In the end, the choice is yours: pay a big price for a year of glory.  
Or a small price for a VW.

\*Optional Extra: you Drive Without A Clutch Pedal.

**CAR ROLLS 2½ TIMES**  
Wanna, Son Escape Injury  
West Windsor Township police are searching for a car that caused an accident on the Princeton - Hightstown Road early last week and then drove off without stopping.

Mrs. Susan Langston of Southfield Road told Chief Francis Maguire, who investigated the accident, that a car coming out of the intersection of North Mill Road had stopped in the middle of the road. Mrs. Langston reported that she managed to swerve around the car but in so doing her right front wheel hit the curb, flipping it over two and a half times.

The other driver, Mrs. Langston recounted, then turned right and drove past her demelched car with her and her son still strapped inside, slowed, and drove off without stopping. At the time, gas was leaking from her car.

From the fleeting glimpse she had of the car, she described it to Chief Maguire as a faded blue or grey Mercedes or Volvo. The driver, she said, was between 35 and 40, wore glasses and had light colored hair with some grey in it.

**PROCTOR FORCE TO GROW**  
At Princeton University  
Rising incidence of theft, trespassing and other law infractions on the Princeton University campus has led university authorities to increase the force of plainclothes security officers, known to students as the proctors.

© COURTESY OF JUDITH W.

**SAVED BY BELTS, ROLL BAR:** A West Windsor woman lost her son escaped injury last week when their 1967 station wagon was rolled over two and a half times on the Princeton-Hightstown Road. Although the car was extensively damaged, the two were protected by a built-in roll bar and safety belt across the chests. Story this page. (Staff Photo)

Ricardo A. Mestres, financial vice-president and treasurer of the college, announced last week a program to enlarge the force from 7 to 16 in several years, to match three hour shifts. The uniformed campus police, which serve primarily as a guard force for buildings and traffic control, will simultaneously be reduced from 64 to 40.

A year-long study of campus security has indicated bad parking law violations at the college. Two years ago, 147 thefts were reported to the University's security department; in the last 11 months, 322 thefts have taken place. Incidents of trespassing and disorderly conduct increased over the same period from 48 to 148.

Dean of Students William D.O. Lippincott said the reorganization of campus security was planned "not to increase surveillance over students but to improve the general security of the entire University community."

All campus security forces will remain under the direction of Walter Dodwell, a 10-year veteran of the N.J. State Police and a former faculty member at the N.J. State Police Academy in Sea Girt, who joined the university staff in 1960. He said new proctors must be veterans of two years or more with a recognized municipal police force, with age limitations of 25 and 40 and certain educational requirements.

#### BIRTHS

Ten Berra. Nine girls and one boy were born last week at Princeton Hospital.

Daughters were born to Mr. and Mrs. Robert Kahn, Blue Spruce Drive, Pennington, and Mr. and Mrs. William Adler, 25 W. Broad Street, Hopewell, both on May 27; Mr. and Mrs. Rimmer De Vries, 497 Herrontown Road; Mr. and Mrs. David Wilbur, 33 Pine Street, and Mr. and Mrs. Joseph Ferruchia, 2 Aldrich Road, Kendall all on May 28; Mr. and Mrs. Steven Brown, 29 Colonial Lake Drive, Trenton, May 29; Mr. and Mrs. Glenn Fisher, Belle Mead; Mr. and Mrs. James Varian, 1021 Riverton Street, North Brunswick, and Mr. and Mrs. Joseph Luthman, 194 Washington Street, Rocky Hill, all on May 31.

A boy was born to Mr. and Mrs. Earl Kulp, S-K Magic Apartments on June 1.

#### FIVE LOSE LICENSES

On Points. Five Princeton area drivers have had their licenses suspended by the Division of Motor Vehicles for exceeding the point limit.

They are Murray W. Stewart, 20, 216 Ingleside Avenue, Pennington, and David P. Hollander, 20, Raymond Road, Kingston, both three months; John D. Realmuto, 26, Mill Road, Dutch Neck, two months; and Colin E. Lancaster, 29, Old Georgetown Road, and Floyd C. Gladwell, 22,

#### Correction

The explosion of propane gas which occurred on May 23 took place at Penacore, not at Merwick, as reported in last week's issue.

### WHAT IS WATERLOO VILLAGE?

It is the most extraordinary and historically unique hamlet in the whole of America. Nothing new has been added to the village since the early 1700's, as Andrew Fort, where the land was given to the village by the British, was a romantic Colonial life. In the village, situated in the heart of the New Jersey Highlands, only the original buildings of the village remain. A revolutionary spirit still fills the air. The village is a living museum of the American Revolution. The village is a place where you can still buy candy for a penny, the quaint apothecary shop with its medi-

to maintain large amounts of time on single patients. The group averaged less than 130 hours of care per patient, one of the lowest figures in the state.

The Princeton service, led by trustee president Chandler Wentworth, serves the entire United Fund area, and also participates in the Princeton Hospital Home Care program.

#### SENIORS WIN GRANTS

For College Tuition. Four seniors at Princeton High School have been selected to receive scholarship aid from the Elizabeth Taylor Byrd Fund.

Grants of \$500, representing money raised at the annual Fund dinner-dance, were given to Thomas E. Taylor and T. Richard Cunningham. Mr. Taylor will attend North Carolina A. & T. College this fall and Mr. Cunningham is enrolled at the University of Houston.

Grants of \$400 were made to Eugenia Briscoe, Kansas City Institute of Art and Design, and Juanna Hayes, Ohio University. The two scholarships were sponsored by an anonymous donor.

**COLLEGE SCHOLARSHIPS AWARDED:** Four scholarships have been presented by the Elizabeth Taylor Byrd Fund to members of the senior class at Princeton High School. Recipients include Juanna C. Hayes and (standing from left) Thomas E. Taylor and T. Richard Cunningham. Also winning a grant was Eugenia Briscoe (not shown). Rev. Harold Thomas is a member of the scholarship committee.

#### GULICK HONORED

With Memorial Tablet. The recently-opened 42-bed patient care floor in the Princeton Hospital's new "J" addition has been dedicated to the late Archibald A. Gulick, who donated \$594,500 to the Hospital in his will.

The Gulick funds became available to the Hospital shortly after publication of "Princeton Hospital's Next Decade, 1960-70," a guideline for the institution's growth compiled by hospital administrator John W. Kaufman. The planning was aided by York & Sawyer, a New York architectural firm that has designed all of the hospital's major additions.

At the time of the 1959 report, the hospital had 196 beds. Today there are 241 beds, but the need for another 80 by 1972 was announced in February. The "J" building is designed for additional patient care areas that may raise the building to ten stories high.

The Board of Trustees and the Medical and Dental Staffs of the hospital have extended the Well Baby Clinic to all

residents of the tri-county service area. The free clinic is conducted at the hospital from 1 to 2 p.m. each Wednesday, with appointments in advance by a visit to the Hospital or by telephoning 921-1700, ext. 265.

Staffed by area physicians and the Visiting Nurse Association, the Well Baby Clinics provide health guidance, physical examinations, immunizations and referrals to physicians and dentists as necessary. Children with temperatures or other signs of illness should be taken to a family doctor or the hospital's emergency department.

The Princeton VNA was merged with the hospital's new Department of Community Health and Visiting Nurse Service last year, which will continue to take responsibility for the baby care program.

#### INSTRUCTION OFFERED

**ALUMNI GAME SATURDAY**  
To Glimax Parade, A team of Princeton University alumni, out of college for periods from one to 25 years, will play the Tiger nine Saturday at 3:30 on Clarke Field. The contest is the second annual replacement for the game which traditionally involved Yale and Princeton as part of the reunion activities. Some 5,000 graduates, hands, floats and occasional live animals will march to the field before the game begins. Informally will be the keynote — the rules of baseball are generally followed but the alumni are permitted to rest their players at will and re-invent them when they have recovered from their unaccustomed activity.

On the mound for the graduates will be a pair of pitchers who performed well at Clarke Field in the recent past — Tom Scott '65 and Graham Marcotti '67. Of considerably older vintage are three hurlers in the class of 1919: Rudy Clement, once a Princeton resident, Bob Wolcott and Hal Rogers. Two players marking their 25th reunion are on the squad — Jack McCarthy, now an attorney here, and Bob Perina, both members of the Class of 1943. Joe Golden '53, first baseman on the NCAA District II champion team of 1951, will be on hand, as will Royce

New 12 hp Sovereign 3012 — the most powerful, most versatile Simplicity tractor. Features include super-smooth synchro-balanced engine... unique design variable speed control... with single-lever selection of the right ground speed while attachments operate at peak performance.

### compare!

Before buying any riding tractor, take its measure with Simplicity

■ **SELECTION?** With Simplicity in 1966, you pick from five new tractors (5 to 12 hp) and a 4 hp riding mower. You get "job-tailored" tractor choice.

■ **NO-SCALP MOWING?** If the mower's mounted on the tractor frame, you'll get scalping. By contrast, Simplicity's patented mowing suspends the mower from the front axle. Can't scalp — because the front wheels "telegraph" every change in ground contour.

■ **ARE THE ATTACHMENTS MATCHED?** Some tractor-makers buy and "adapt" basic attachments. But Simplicity designs and builds its own. When you put a Simplicity attachment on a Simplicity tractor, the combination works in perfect harmony.

■ **WHAT'S INVOLVED IN THE CHANGING ATTACHMENTS?** Don't take anybody's word for it. Insist on a demonstration. You'll be amazed at the quick-changing difference that results from Simplicity's made-for-each-other tractor-attachment design.

■ **START COMPARING!** Out of yardstick of riding tractor values demonstrates the measurable difference between Simplicity and all other brands.

**PROMISING FUTURE:** Dick Colman, viewing the start of his 12th season as Princeton's head football coach, can count on a solid foundation for the 1968 season. Of the 14 seniors graduating next week, only six were regulars, and only one of them played on the offensive unit.

Flippin and Tom Quay, both 1966, and catcher Ed McMullan '57.

Each of the captains of the past five seasons will see action: catcher Tom Peppier '67, shortstop Ron Landeck '66, outfielder Jack Singer '65, third baseman Wally Uhle '64 and first baseman Don Fudge '63. Others who have graduated within the past decade include outfielder Tom Morris '58, outfielder Larry Schoenfeld '63, catcher Jody Johnson '64, first baseman Pete Riley '65, outfielder Frank Biondi '66, and outfielder Phil DeSantis '67.

Coaching the alumni will be Emerson Dickman, who was head man here from 1919 through 1951 and took Princeton's only entry to Omaha in the latter year for participation in the College World Series. Eddie Zanfrini, retiring as trainer, will serve in that role for the final time. Baseline coaches will be Stan Funnell '33 and Eddie Novak '38.

### DIPLOMAS TO 14

Football Lessee Are Light. The smallest number of lettermen to graduate in the better part of a decade will be lost by Princeton's football team when diplomas are awarded Tuesday to the Class of 1968. Of the 14 whose careers have come to an end, only 11 were

used steadily during the season, which saw the Tigers finish in a fourth-place tie with Harvard after losing to Cornell, Yale and Dartmouth.

As frequently happens, the attrition is uneven. Virtually all the major gaps to be filled will be on defense while 10 of the 11 starters on the offensive unit will return.

The only senior who started on offense in the climactic November games was end Steve Pierce. Tailback Bob Weber, often slowed by injuries during his three-year career at tailback, was a key figure on attack but the job last fall belonged primarily to Rich Bracken. Bracken is the 1968 captain elect.

Three members of the second platoon on offense will also graduate Tuesday. They are Pete Kashalus, 225-lb. tight end; Bob Mauterstock, who saw frequent action as a replacement at guard; and Tom Biejwas, used sparingly at end after an earlier career as a wingback.

Wayne Was All-Ivy. The lone

all-Ivy selection among the 1967 Tigers was Bruce Wayne, a three-year letterman as a defensive back. Key losses in the secondary are heavier than anywhere else—other seniors are linebacker Craig Stone and cornerback Dick Sherlock. A senior who started all 27 games in his varsity career, and the only one to do so in his class, was Captain Lee Hitchner. A 230-lb. middle guard from nearby Moorestown, he impressed quickly as a sophomore and became a fixture on defense from the first kickoff against Rutgers in 1965.

Wayne, Stone, Sherlock and Hitchner were all regulars on the defensive platoon last fall, as was Charlie Baby. He starred every game during the season as right defensive end. Members of the second unit who graduate next week are tackle Bill Gloyd and Mike Holm. Hitchner's stand-in at middle guard.

In addition to these 12, two seniors who saw little or no action were on the 1967 squad. —Continued on Next Page

End Dick Lombardi suffered a groin injury at Blairstown and was lost for the season before the first game; quarterback Bob Schoene, who had won the starting assignment when the campaign began, was leveled on a blind-side block while going down under a punt against Cornell at Ithaca and the knee injury he incurred ended his career.

On the eight Ivy colleges, only Columbia loses a smaller number seniors than Princeton. There were 11 members of the Class of '68 on the Lions' squad.

Harvard will be the hardest hit by graduation when 22 seniors pick up their diplomas. The other losses: Yale, 20; Brown, 19; Dartmouth, 18; Cornell, 17; Penn, 14.

#### YODER IS NAMED

As Top PHS Athlete, Thom Yoder had been named the best all-around athlete at Princeton High School.

Yoder played on the varsity baseball team for three years, pitching five of the team's seven wins this season. As a full-back on the football team last fall, he threw eight touchdown passes, including two in the team's big 20-13 upset of East Brunswick. He was a member of the basketball team in his sophomore and junior years.

John Madden, offensive captain of the basketball team, won the Wolman Award, as the most outstanding player on and off the court. Madden, a junior, was one of the few bright spots on a team that won only 3 of 22 games. A 6-11 guard, he scored in double figures in every game except one, reaching a high of 30 against Madison.

Madden was also the first recipient of a new award begun this year by basketball coach Larry Ivan. He was named the most valuable player in basketball.

A framed action photo of John will be hung in the school's new Basketball Hall of Fame next to the Little Tiger trophy cases. He also received a copy of the picture to keep for himself.

The Jerry Cypress track award for the outstanding senior on the team was won by Keith Lawder, a fine two-miler and the lone PHS representative last week at the annual state track meet at Rutgers. Keith set a school record in the two mile this spring.

He was also presented with an award as the most valuable performer on the PHS cross country team.

#### LAWDER IS SEVENTH

In Two-Mile at State Meet, Keith Lawder, Princeton High School's lone representative at the annual state meet held at Rutgers University Saturday, finished seventh in a field of 12 in the two-mile event. His time was 10:15.2; the winning time was 10:08.

The sole champion from this area was Al Hicks of Trenton High School who won the 880. Hicks was unbeaten this year.

PHS coach Larry Ivan reported that the meet was "terribly long." He said that Keith, scheduled to run at 3:40, did not race until a few minutes before 7 p.m. One victim of the long wait was Steinert's fine two-miler Greg Ivins.

Ivan reported that Ivins, who had arrived around 10 that morning, was so exhausted from nervous tension by the time he ran almost 10 hours later that he was only able to complete two laps.

At Madison Wednesday, twice postponed because of rain, the Group 4 Conference meet at Madison was scheduled to be held Wednesday. Six from PHS were scheduled to enter but Ivan reported that it was doubtful how many from the school would make the trip.

"They'll lose it mentally," he said last week, after the second postponement. "You can't keep postponing a meet like that." Adding to the difficulties was the fact that the

**THREE SHUTOUTS WIN**  
Send St. John's to Omaha. Defeating three opponents by the almighty expediency of not allowing them any runs, St. John's University of Brooklyn won its way to the College World Series here last week. The District II NCAA Baseball Tournament was staged on Clarke and Strubling fields Friday, Saturday and Sunday. Sudden diamonds forced a 24-hour postponement in the action, which had been scheduled to start on Memorial Day.

The Redmen's first triumph was a "slagger," a 120-conquest of Rutgers in the opening round Friday. Next day, they blanked Temple, the favorite going into the tournament, 2-0. On Sunday, their margin over N.Y.U. was the absolute minimum, 1-0. In each of its last two victories, St. John's edge came on unearned runs. The Redmen themselves made only two errors in 27 innings, neither of them costly.

The victors here go into the NCAA finals at Omaha next week for the fourth time — and third in the last eight years. In an attempt to become the first District II champion to win, they will face a New England team — the District I representative — in the first round. The favorite in that tournament, staged this week, was Harvard, the Eastern League champion. In the other games played here Temple defeated N.Y.U. on Friday, 6-5, coming from behind with 2 in the top of the ninth. Next day, N.Y.U. eliminated Rutgers, the Scarlet falling to push a run across 19 innings when it lost, 5-0. Temple was the Violets' next

victim, and St. John's look to win it all on Sunday.

#### NEW SEASON OPENS

For Little Leaguers. The second half of the West Windsor Little League's split season opened last week with four games. Ellsworth A. C. posted two victories to take a quick lead in the race. Against the Lions, pitcher Wayne Wilson (across 12 batters) to lead Ellsworth to a 6-2 win. Wilson gave up only four hits, one of them a bases-empty home run by Wes McClain, in six innings of pitching. Ellsworth took a quick lead with a run in the bottom of the first inning and added three more runs in the third. The big hit was Ed Raybuck's two-run single.

Ellsworth pulled away from Edinburg in the fourth and fifth innings to post a 12-4 win in its second game of the week. Pitcher Joe Cieslewski was credited with the victory. With the score tied 3-3 after three innings of play, Ellsworth tallied twice in the top of the fourth. Edinburg came back with a run in its half of the inning, but the Athletics put the game out of reach with a four-run rally in the fifth.

First National Bank pounced on Thornes' lack of pitching to run up a 2-1 score. The drug gists had committed their maximum allotment of regular rotation pitchers to several games making up earlier rained-out games.

Bank pushed across 12 runs in the top of the first inning, including two runs on Greg Christensen's homer, his second of the year. Tim Moran hit a two-run homer in the second for the Bank.

The Lions avenged their 6-2 loss to Ellsworth with a 4-0 win over the Bank. Phil Chambliss posted the shut-out, holding the Bankers to five hits. Jim Bullock came up with an untested double play for the Bankers. After catching Kevin Little's pop sacrifice bunt, he raced to first base to catch Rich Gutz off the bag. Gutz came back in the bottom of the fifth to hit a three-run home run.

The standings:

	W.	L.
Ellsworth	2	0
Bank	1	1
Lions	1	1
Edinburg	0	1
Thornes	0	1
Craft	0	0

**BADE RUTH OFFENSER SET**  
To West Windsor League. All four teams in the West Windsor Bade Ruth League will begin play Saturday in a doubleheader at the Dutch Neck School field.

The defending champion Lions will play at 1:30, facing

Lucas Hardwick. In the night cap, MacKenzie Realty will oppose: Willie Shell. After opening day, all weekday games will start at 6:15 p.m., and Saturday and Sunday games at 3 p.m. The teams are open to boys 13 to 15 years old. Managers and coaches include Tim Dalton and Tom Sherlock, Lions; Al Zigler and Bob Bacco, MacKenzie; Jack Ward and Bud Wetterling, Will's; and Paul Cuomo, Lucar.

#### TOURNAMENT COMPLETED

Sweeney Wins at Springdale. The President's Cup tournament at the Springdale Golf Club was won Saturday by Jack Sweeney, who defeated Pete Marzoni in the final round, 4 and 3.

The triumph was the first in this event for Sweeney, who has a 65, shot three or four years ago, to his credit. Play was based on full handicaps. On his way to the finals, Sweeney triumphed over Charlie Coppinger, Otto Nelson and Ralph Allaire.

**RAFAELLI, FOSTER WIN**  
In Carnegie Lake Races. In Penguin racing on Lake Carnegie Sunday, Larry Rafaelli with his son, Eric, as crew

finished first with 31.7 points. John Reeder (30.8) was second and Dave Geddes (17.4) a distant third among the seven Penguins that raced.

In the mixed 14-foot sloops, Kim Foster with Walt Gibson as crew was first with 22.1 points. Tom Quillits was second with 16.7 and Bill Rogers third with 9.6.

#### LIKE TO RUN?

Joggers Extend Invitation. A group of Princeton joggers, about a dozen strong, invite all area runners—good, bad or indifferent—to join them.

The group, led by a former Boston Marathon runner, Al Kohut, jogs three times a week around a course laid out on the grounds of the Institute for Advanced Study. Both men and women jog Tuesday and Thursday evenings from 7:30 to 8:30 and on Sunday mornings from 9 to 10.

Those wishing to join or who want more information are urged to call Kohut at 339-5605 or Mrs. Cynthia Hoebel at 921-6012.

**PHS DEFEATS EWING**  
In Tennis for 13-1 Record. Ever since its lone 3-2 defeat this season at the hands of Ewing, the Princeton High School tennis team has been

pointing to its return match. Twice it was postponed by rain. But Tuesday afternoon, coach Bob Orr's netmen finally caught up with the Blue Devils and defeated them to end with a 13-1 record.

The two PHS doubles teams of John Panzer and Scott Raam and Ted Ford and Billy Carroll finished first. Both walked off the court with identical 6-3, 6-2 victories.

Then, while the other two matches were still underway, diminutive Robbie Sonnenschein seeded it up for PHS with a 6-2, 6-3 victory over his taller opponent. That gave PHS an insurmountable lead.

Sonnenschein's was the clutch win. On the court, Robbie, only a sophomore, is a plodding, unspectacular player. "But he's a thinker," commented Orr. "If he finds a weakness, he plays it and plays it till he wins."

As expected Ted Fritsch, No. 1 singles player for PHS, lost to Ewing's top-rated Scott Stoner. The scores were 6-3 6-4. Stoner has been beaten

**The new  
Mercedes-Benz 250:  
"At 80 mph,  
it's loafing."**

The new Mercedes-Benz 250 is built to be driven, not just admired. As good as the 250 looks, it's no brittle showpiece. It was designed around people, not a styling theme. And on the open road it can run rings around its competitors.

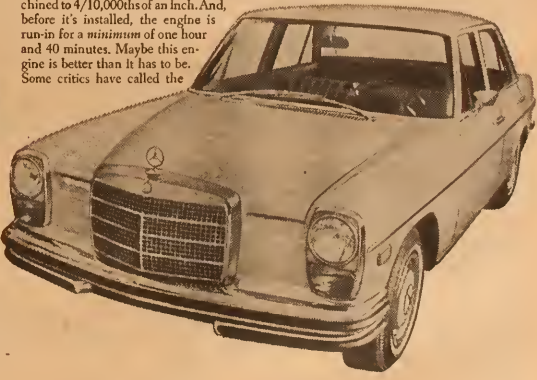

The 250's top speed is comparable to any standard V-8, yet the engine delivers the fuel economy of a Six. This car was designed for European road conditions—where there are no speed limits—so it can't afford to be fragile. At legal speeds in the U.S., the 250 is just loafing.

The 250's engine is built to aircraft tolerances. The bearings, for instance, are machined to 4/10,000ths of an inch. And, before it's installed, the engine is run-in for a minimum of one hour and 40 minutes. Maybe this engine is better than it has to be. Some critics have called the

Mercedes-Benz 250 "over-engineered." It's true. And Mercedes-Benz is proud of it.

The new Mercedes-Benz 250 bristles with engineering innovations. A fully independent suspension system makes this 3,000-lb. sedan handle more like a sports car. Back road or superhighway, you're always in precise control. Standard equipment includes features like 4-wheel power disc brakes. And that handsome body is structurally sound: 10,000 welds squelch the squeaks and rattles of conventional body bolts.

You owe it to yourself to look into the new Mercedes-Benz 250. It's on display in our showroom now. Come in for a demonstration drive today.

**CHOIR STARTS TOUR**  
In Tamqua, The Princeton Theological Seminary Choir sang Tuesday morning at the Seminary commencement in Princeton University Chapel and began its summer tour, that evening in with a concert in the First Presbyterian Church of Hightstown.  
The choir will give 83 concerts in seven weeks, often at the rate of two or three a day, returning to Princeton on July 21. Dr. David Hugh Jones has been directing the choir since 1931.

DR. DIOGENES ALLEN, professor of philosophy at Princeton Theological Seminary, will participate in a dialogue session with the Rev. F. Hugh Liffiton this Sunday in St. Andrew's Presbyterian Church. The topic is "Christian Education" and the service will mark Church School Recognition Day.

## News Of The CHURCHES

### BRITISHER IN PULPIT

At Trinity Church, English liturgical and architectural critic Peter Hammond will preach at 9:30 and 11 this Sunday in Trinity Episcopal Church. The Rev. Mr. Hammond is advising Trinity on modifications to make the building more appropriate for contemporary worship practices.

A lecturer in art and architecture at the Regional College in Hull, the Rev. Mr. Hammond achieved international prominence for his book, "Liturgy and Architecture," published in 1960. It was hailed as the first major English theoretical work on church architecture in almost a century.

He is the editor of "Towards a Church Architecture," a byzantine architecture titled "Waters of Marral," and is chairman of the New Church's Research Group in England. He is engaged in writing a book tentatively titled "Word and Symbol."

During his stay in Princeton, the Rev. Mr. Hammond is the guest of the Rev. Scott Ritener, director of the department of church planning and architecture of the National Council of Churches.

Concerts will be given in Haiti, Jamaica, Santo Domingo, and Puerto Rico this summer, as well as the length and breadth of the eastern seaboard. The choir will sing at the Marine Corps' base at Parris Island, at the North Carolina State prison, at Tuskegee Veterans Hospital, on television in Columbus, and in numerous churches.

On a typical day, June 20, in Tuscaloosa, Ala., the choir will sing at Stillman College, Bryce Hospital and at the University Presbyterian Church.

On a typical day, June 20, in Tuscaloosa, Ala., the choir will sing at Stillman College, Bryce Hospital and at the University Presbyterian Church.

### CROSS-SECTION of Students.

The choir itself is representative of the Seminary's student body of 600 who come from all parts of the United States and 30 foreign countries. Members also take speaking parts in the service, often giving personal testimonies concerning their decision to enter the Christian ministry.

The musical program ranges from ancient plainsong through Palestrina, Bach, Handel, Haydn and Mendelssohn to contemporary composers. Also included are a number of spiritual folk songs from different nations.

Dr. Jones was a charter member of the Westminster Choir College faculty and for many years headed its organ and composition departments. In 1951 he began to devote full time to the choir and the Seminary as professor of music. Composer of a large number of published choral works, he is editor of "The Hymnbook," published by five Presbyterian and Reformed denominations.

### VAN SANT ELECTED

By Unity Committee, Jerry Van Sant of Calvary Baptist Church has been elected as chairman of the Princeton Christian Unity Committee for a two-year term. Dr. Arlo Duba of Westminster Choir College, George Cody of St. Paul's Catholic Church continues as co-chairman. Also elected at last week's annual meeting were Mrs. William H. Cherry of All Saints' Chapel, secretary, and Lawrence O'Brien of St. Paul's, treasurer, both for one-year terms.

### SCHOOL BOOKS NEEDED

By East Trenton Center. Books for children in grades four through 12 are being collected at First Presbyterian

MACALASTER COLLEGE in St. Paul awarded a Doctor of Divinity degree upon the Rev. Dr. Donald M. Meisel of First Presbyterian Church during the baccalaureate service at the college. He is a member of the Macalester Class of 1945.

### Churches for use at the East Trenton Center.

Mrs. Leffers A. Loetscher and Mrs. Oliver Kurraker are in charge. Books may also be left at the church. The theme of the appeal is "Enrich one child's life by donating one book."

### WOMEN'S UNIT TO MEET

In Dutch Neck. The Rev. Edward Smith, pastor of First Baptist Church, and Mrs. Smith, a member of Cook School faculty in Trenton, will address an open meeting of the Women's Association of Dutch Neck Presbyterian Church at 8 p.m. on Monday in the Christian Education building.

Rev. and Mrs. Smith will discuss the Community Action Council of Trenton. The clergyman will also recount his recent visit to "Resurrection City" in Washington, D.C.

The program has been arranged by Circle No. 1. Hostesses will be members of Circle No. 2.

### BULLETIN NOTES

A training class for those interested in calling upon shut-ins will be conducted by Mrs. Lester Klee at St. Andrew's Presbyterian Church from 9:30 to 11 on Tuesday, June 18. A longer and more formal series of classes led by professionals will be given in October through First Presbyterian Church. Interested individuals may contact the Rev. Joseph O. Rand Jr. at the church.

Dr. Marvin Wachman will conduct the 11 a.m. worship service this Sunday in the Unitarian Church of Princeton. His sermon title is "Blacks and American Higher Education."

Parents interested in a week-day church school for children in grades 1 to 5, may contact Miss Frieda Gardner at Princeton Seminary for more information about an inter-denominational group to be sponsored next year by the Princeton Christian Unity Committee.

## Merrill's Toy Corner

Watch this column in future issues of TOWN TOPICS where I will call your attention to toys that are new or unusual, and at fairly priced. All will be well made and with good play value.

For each toy that I highlight, I will include the suitable ages, and when applicable, point out its educational values, drawing on my 24 years of experience in the toy business.

## This week's toy:

OSAKA-HI: Fling and catch ball in spring action net. Play indoor and outdoors, fun for the entire family. Osaka-Hi is a modern version of the ancient Samurai sport played by soldiers of the Japanese Emperors over 800 years ago. The modern version of Osaka-Hi replaces the primitive hard net used by warriors, and our safe plastic ball replaces the dangerous rocks tossed in olden days.

Osaka-Hi was a ritual as much as a sport. Before each battle, Samurai warriors had contests and tried to toss up rocks catching them before they hit the ground. If a warrior caught 100 rocks without dropping one, he believed he would be invincible in battle.

The Osaka Hi Spring Action New Game makes it fun for all to play the sport safely. \$2.19

In a few weeks we will start to remodel our store, more than doubling our toy department, to continue to bring you the newest and widest variety of good toys.

**BOROUGH TUODR:** Picturesque English house built in the late Twenties and since cleverly transformed into two comfortable dwelling units. In the owner's quarters, there are entrance hall, living room with carved stone mantel, dining room with second fireplace and study (all with pegged oak floors) modern kitchen and screened porch on the ground floor. 5 bedrooms and 3 baths (including a two room and bath master suite) upstairs. The completely separate rental portion of the house (income from which pays a large part of the carrying costs of the whole property) consists of entrance hall, living room with fireplace, dining room, kitchen and lavatory down, 3 double bedrooms, 3 singles and 3 baths up. Two car garage. Huge basement and attic. Beautifully landscaped acre in the most desirable location. Owner will arrange generous financing for a qualified buyer. Surprisingly little cash is needed to buy this unusual house. \$100,000

**JUST NORTH OF PRINCETON:** and so conveniently located for anyone working for RCA, IBM, or DOW JONES, this immaculate house overlooking a beautiful farm, has lots of living space for an active family. Large entrance hall, step-up living room, parquet-floored dining room, well-equipped kitchen with breakfast area, paneled family room with sliding glass doors to a brick terrace, and study with adjoining powder room. 4 bedrooms and 2 full baths. **ONE STORY HOUSE IN THE HEART OF THE WESTERN BOROUGH:** On a small, easily maintained lot with many trees, it contains living-dining room with fireplace, 2 bedrooms and bath in one end of the house and a third bedroom with its own bath off the kitchen. Perfect for a single person or a couple. One of a kind at \$42,000

**A TWO FAMILY HOUSE IN PRINCETON BOROUGH:** Shaded by two tall Sycamores and well situated on upper Jefferson Road, this excellent double house would make a smart buy for the canny investor. Sturdily built with plaster walls, a slate roof and aluminum siding, it contains: living room with fireplace, dining room, kitchen, 3 bedrooms, full bath, full basement and easily finished third floor on each side. Two car garage. Rent one side for at least \$175 per month and live happily and inexpensively on the other. \$43,500

**DO YOUR OWN THINKING:** Be it modern or traditional, large or small, far out or very in, this lovely wooded, sloping 1 1/2 acre lot in the Northwestern Township is just the spot to do it in. Public sewer and water are installed and building could begin tomorrow. Complete surveys and topographical maps are included in the price of \$22,500

**SOMEBODY LOVES ME, I WONDER WHO:** will look beyond my slightly peeling paint and see the quality of the slate, plaster and cedar clapboards of which I'm built? What's so wonderful about a separate dining room anyway? Frankly they seem like an awful waste of space considering how little they're used. Look at the marvelous glass walled family room I have instead! And my living room is BIG, and I have two fireplaces. My kitchen stacks up with the best of them, and I have 4 bedrooms and 2 baths after all. To say nothing of the finished playroom in my lower regions and my two car garage. And no one could fail to appreciate my lovely 3/4 acre Princeton Township lot. But you can't top me for \$49,500

HOUSE HUNTING?

**OLDEN LANE . . .** just off Mercer Street, in one of Princeton's most  
desirable locations, the newly-painted, white clapboard Colonial home is  
sited under its lofty shade trees as if it had stood there for a century.  
Actually, this fine residence, built in 1955, is very up-to-date in all its  
amenities. First floor: hall, living room with fireplace, spacious dining  
room, den with "wet" bar, powder room, modern kitchen and breakfast  
space, maid's room & bath. Panded playroom downstairs. Second floor:  
Master bedroom & bath, 3 more bedrooms, sitting room & bath. Wall-to-  
wall carpet. Many closets (\*) \$79,900

**RIVERSIDE . . .** this fine home, located in one of Princeton's most  
admirable neighborhoods, in mint condition. Entry hall, living room with  
fireplace, ample dining room, very modern kitchen with electric dish-  
washer and disposal (and a good-sized breakfast area), study - or 4th  
bedroom - and bath. Spacious family room with an exit to the patio.  
Upstairs: 3 more bedrooms and 2 very large tiled baths. Exterior has  
been freshly painted. In winter, three thermostats provide very flexible  
heating. In Summer, a huge attic fan and many fine big shade trees make  
this a very comfortable residence (\*) \$57,500

**LAWRENCEVILLE . . .** on a quiet country road, this lovely one-story  
home has foyer, very large living-dining room with fireplace, modern  
kitchen, 3 bedrooms, 2 baths. Also, for Summer enjoyment and enter-  
taining, there is a huge screened porch. Full basement. Nicely land-  
scaped acre and a half. 2-car attached garage. Price recently reduced.  
\$43,500

**WESTERN SECTION . . .** on a quiet cul-de-sac in a neighborhood where  
experience has shown that property values increase faster than anywhere  
else in Princeton, we have a charming shingled Colonial home with 3  
bedrooms, 2½ baths, paneled family room, modern kitchen, separate  
dining room, full basement, large attic with its own enclosed staircase  
and 2-car attached garage. By all means, make an appointment to see this  
only completed home before someone else decides to buy it. \$52,500

**NELSON RIDGE . . .** in this lovely area, which is still rural in character  
yet is only a few minutes from the center of Princeton, this long, low  
white one-story home offers a great deal to people interested in large  
living areas for entertainment . . . or work. The home has foyer, living  
room, large dining room, modern kitchen, and a vast family room with  
walk-to-wall carpeting. Both the den and the screened breezeway have  
fireplaces. Master bedroom with dressing room and bath. 2 small bed-  
rooms and bath adjoin the den, which could also be a study room for  
children. Game room in basement. 1½ acres of land (\*) \$55,000

**STUART HILL . . .**

Once you come out with us to see this land, we believe you'll agree that  
these wooded 2-acre lots are the most desirable building sites available  
in all of Princeton. Next to the beautiful new Stuart Country Day  
School, and only a short walk from the Princeton Day School on The  
Great Road, this neighborhood appeals to people who dream of living in  
easier, among towering trees. All utilities already installed, of course,  
including city water and city sewer. 25% of the lots have been bought  
this year, but many of the choicest are waiting for you to look at.  
Telephone at any time for information, and a map of the area.  
Prices begin at \$23,000

Many more fine homes in Princeton and vicinity in every price range.  
Ample parking space for our clients.

It does things  
other small cars  
shouldn't do.

Cornering at high speeds is one of the last things to expect small cars to do, successfully. Unless it's a SAAB, the out-of-the-ordinary small car. Out of the ordinary because it has front-wheel drive. So it doesn't push you around like others do. It pulls you around corner, curves and other drivers' mistakes. Is that all SAAB has? Not on your life. Most ordinary cars don't give you, even as options, all the standard SAAB safety features. As an optional extra, our new V-4 engine has a LIFETIME GUARANTEE.

#### LAKE LOVERS, TAKE NOTE

This much admired ranch (a contemporary gem) in the Riverside area is available here for the first time. Custom built by its owner and in perfect order, we recommend it wholeheartedly.

Informal in feeling with a large dining area and some excellent paneling, flexible in its use with a large hideaway room with private outside entrance off the master bedroom, suitable for a family with 4 bedrooms and 2 1/2 baths, large family room and private screened porch.

It is also aesthetically lovely from the beautifully preserved redwood exterior to the outstanding landscape architecture and desirable with its lake view and access thereto from the rear border. Two car garage and fireplace of course. \$69,000

Our other outstanding contemporary ranch on 1 1/2 private acres on Hones Lake must be seen to be believed.
